How Frequencies Benefit the Human Body

It has been discovered that the cells in the body vibrate at various frequencies depending on their state of health. ZeroPoint has identified specific frequencies that match the optimum state of health for each of the body's organs and systems. These are called Blueprint Frequencies.

When a person wears the Sirius Balance Pendant, their body begins to 'resonate with the frequencies' that are in the Pendant through a process called Biophotonic Entrainment. This is similar to a tuning fork that will pick up the frequency (sound) of another tuning fork in its vicinity. When they are close to one another, they will both begin to 'resonate at the same frequency'.

When the organs and systems of the body are attuned with the frequencies that are in the Sirius Balance Pendant, the body returns to a balanced state. The body is able to protect and heal itself when it is in balance.

Testimonials

Emotional Balance

"Wearing the Sirius Balance Pendant, I notice a general feeling of being more centered and happy. It seems everything I set myself to do is achieved at accelerated rates. When an emotion comes up, it comes up quickly but that's not to say I have felt more emotional; rather the emotion is there, but I can perceive it as a thought and can remove myself from it more easily. Then I can decide how I want to work with it or change it. And the process of changing or creating is much easier - almost like playing a fun game. Also, my visualization and meditation have been enhanced. Over the time I have had the pendant, I have also noticed that I more quickly see things from the reality that I am energy, I am frequency, and that the physical is more the illusion." - Simon L., MO

Calm Down

"My experience has been to realize greater balance: Initially I sensed more calmness, awareness and being more centered. Lately I have enjoyed more energy and an increased ability to see things with more clarity. I have reduced the nutritional supplements that I usually take with none of the uncomfortable symptoms that typically happen when I don't take them, especially when I eat certain foods." - Gloria H., CA

Hightened Instincts

"I am enjoying the Sirius Balance Pendant - I feel more confident in every way and very balanced. I can make good decisions quickly. I am able to control my emotions. I instinctively know things and can be detached from outcomes. As I can sense where people are coming from, I find I am more gracious in dealings with others and know that what I see is not my issue, but theirs. I am grateful for the opportunity to test this product." - Edi M., AZ

Increased Libido

"I am post-menopausal and had been having quite a decrease in sexual energy. Since I have had the Sirius Balance Pendant, it seems as if 'my mojo' is coming back so...increased sexual energy. And want to say that...increased manifestation on every level." - Aria J., MO

Improved Digestion

"When first I received the new Sirius Balance Pendant, I felt a peace and stronger sense of purpose - I referred to it as the 'all's well bell'. A few weeks after receiving the new pendant, I experienced a gathering of deep grief in my chest and heart, followed by a release of soulful age's old grief - it was an emotionally painful experience and passed within an hour or so. I am more playful and joyous in everyday life since then. My digestive system has changed. It has improved and toxins are being eliminated easily from my body. I discovered that lingering imbalances shift when the Sirius Balance Pendant was exposed directly to the area for a few minutes." - Lorraine E., ME

Unexpected Miracles

"From my personal experience, I immediately felt more peaceful. Baggage from stored emotions came up for getting rid of faster, and the awareness of the process allowed me to ride through it without re-stuffing again. My digestive system noticeably changed. My dreams became more specific and remembered. I aligned with my personal power and attracted more abundance to my financial situation. Unexpected miracles came, and now I expect miracles daily... and get them. When I let other people hold my pendant, they get something different according to their needs. Some people do not notice anything at first, while others feel ripples of energy flow through their body, but the one main comment everyone says to me is how much PEACE they feel while holding the pendant." - Lynne O., PA
