

## ARC Vision

- Approximately .5oz with small dropper

## Description

ARC Vision is A Sirius Silver embedded with ARC Vision frequencies. It is comprised of distilled water with silver (Ag) in suspension at .0025 ppm. to .025 ppm. The actual silver content is in the form of ultra nano-particles. The remaining silver is introduced in vibrational form by embedding silver frequencies into the solution. Though similar to colloidal silver, in effect, ultra nano-particles are too small to be considered in "colloidal" suspension. They are rather, in a "nano-suspension" – a much more stable state. The vibrational silver frequencies do not add actual silver to the solution, only the benefits which amplify the effectiveness of A Sirius Silver in the body above that of common silver products, without any of the harmful side effects.

Combining ultra small particle size with vibrational silver frequencies results in a silver solution which is without peer. From the standpoint of penetration into capillaries, cells, pathogens and body tissues, A Sirius Silver is much more effective than common silver products on the market.

With less than 100-200 mcg in an entire bottle, A Sirius Silver usage is well under the amount referenced by the EPA for public water supplies in the United States. Users can feel as secure with the daily use of A Sirius Silver as they are with EPA approved drinking water. The properties of A Sirius Silver completely put to rest any concern with Argyria or other perceived toxicity concerns.

ARC is an acronym for Advanced Resonant Coherence. The ARC Vision formula delivers frequencies for broader and clearer vision in all aspects of sight. The unique formula of ZeroPoint™ ARC Vision offers the superior immune enhancing results we have come to expect from A Sirius Silver while delivering the breakthrough technology provided in the new ZeroPoint™ ARC formula.

## How Frequencies Benefit the Human Body

It has been discovered that the cells in the body vibrate at various frequencies depending on their state of health. ZeroPoint™ has identified specific frequencies that match the optimum state of health for each of the body's organs and systems. These are called Blueprint Frequencies.

When a person ingests or applies ARC Vision, their body begins to 'resonate with the frequencies' that are in the ARC Vision through a process called Biophotonic Entrainment. This is similar to a tuning fork that will pick up the frequency (sound) of another tuning fork in its vicinity. When they are close to one another, they will both begin to 'resonate at the same frequency'.

When the organs and systems of the body are attuned with the frequencies that are in the ARC Vision, the body returns to a balanced state. The body is able to protect and heal itself when it is in balance.

## Testimonials

*"In February 2012, my eye exam showed dry eyes and a cataract developing in my left eye. I started using ARC Vision every morning and night. I just had my annual eye exam in February (2014), and I'm glad to say the cataract has not progressed, and I do not need surgery. Also, I don't have dry eyes, and I can save a bunch of money on eye medication thanks to ZeroPoint products. Thank you ZeroPoint!" - Patricia, MD*

*"My husband and I experienced unusual eye tearing recently. We assumed it was an environmental irritant. My condition shifted to a crusting over of my left tear duct. I tried all kinds of home remedies to remove it but it kept rebuilding itself. This went on for days. I suddenly remembered that I had the ARC Vision in my cabinet and within an hour of applying it the blockage was dissolved permanently." - Rebecca H, MD*

*"I have worn prescription glasses for years and also suffered for many years with Night Blindness and have been unable to drive at night. Immediately after using the ARC Vision drops in my eyes (1 drop in each) I found I could see the clock clearly across the room! I use the drops every day and my eyes have improved so much in just a few weeks that I am now wearing glasses that are 6 years old! Oh, the next time I was out in the evening with my friend driving I noticed that I no longer had Night Blindness! This product has given me my life back and I am thrilled! - Brenda G., MD*
